

# Material Safety Data Sheet

## **SK-03-002: Spilkleen Loose Absorbent Granules: 'Plus'**

1. **Identification**  
Manufacturer: **Fosse Liquitrol**  
Address: Lutterworth Road  
Whetstone Magna  
Leicester, LE8 6NB  
Telephone: 0843 2211 960  
Email: [sales@fosse.co.uk](mailto:sales@fosse.co.uk)
2. **Physical Properties**  
Mixture of cellulose fibres and kaolin clay  
  
Form: Granules  
Colour: Grey  
Odour: Slight Biomass when first opened  
SG: N/A  
Oil Absorbency 73%  
Water absorbency 105%
3. **Hazardous identification**  
Not regarded as health hazard under current legislation.  
Flash Point: N/A  
Flammability Limits: N/A  
Auto Ignition Temp: N/A  
Extinguishing Media: N/A
4. **Composition:**  
Hazardous Ingredients: None  
Nature of Hazard: None  
Solids Content: >99% when packed  
Equilibrium moisture content 7%  
Kaolin/Calcium Carbonate: Approx 40%  
Cellulose Approx 60%
5. **Stability/Reactivity**  
Hazardous reactions: None  
Not suitable for use with strong oxidisers
6. **Storage**  
Dry Conditions only  
Handling: N/A
7. **Transport Information**  
No Special Requirements
8. **Exposure Controls/Personal Protection**  
Wear suitable protective clothing, gloves, mouth, nose, and eye protection  
OES: Does not apply  
PPE: N/A
9. **Spillage/Accidental Release**  
Sweep up and shovel away.
10. **Waste Disposal**  
Dispose with normal solid waste, or in accordance with local or national legislation as appropriate.
11. **First Aid Measures**  
Skin contact: None  
Eye contact: Irrigate eye with eyewash solution or clean water  
  
Ingestion: Seek medical attention.  
Unlikely to be required but if necessary, treat symptomatically.  
Seek medical attention
12. **Fire and Explosion**  
Will not burn in dry form  
If heated strongly the material may smoulder.  
Hazardous products of combustion: Carbon Dioxide, Carbon Monoxide  
Extinguishing media: Water
13. **Health and Toxic Data**  
Skin Contact: No evidence of irritant effects from normal handling.  
Eye contact: Particles may cause some physical abrasion
14. **Environmental Information**  
Environmental Fate & Distribution: Dispose of according to local bye-laws and regulations  
Persistence and Degradation: The cellulose element of the material biodegrades in a wide range of microbial active environments.
15. **Regulatory information**  
User: Not classified as hazardous to the user.  
Transport: Not classified as hazardous to transport.
16. **Other information**  
For other technical information, contact the address in Section 1
17. **Note: The above information is given in good faith and to the best of our knowledge. It is intended to describe the product for meeting safety requirements And should not be construed as a guarantee of specific properties.**
